

CITY OF BIG BEAR LAKE

CLASS SPECIFICATION

Class Title: City Planner

Class Code Number: 4100

Position Designation: Professional / Management

Division: Planning

General Purpose of Position

The purpose of this position is to perform professional level work in the field of current and advance planning, with an emphasis on highly complex and challenging tasks and projects. This position is responsible for management of major planning projects, which may include contract administration, project budgeting and scheduling, facilitation of public input, negotiation of contracts and agreements, supervision of project staff, plan adoption and project implementation. The position also assists the Director of Building and Planning with budgeting, personnel and other administrative duties, and serves as acting Director of Building and Planning with respect to Planning Division functions in his or her absence.

SUPERVISION RECEIVED AND EXERCISED

Receives general direction from the Director of Building and Planning. Exercises general direction over professional, para-professional, technical and administrative support staff.

ESSENTIAL FUNCTIONS

Class specifications are intended to present a descriptive summary of the range of duties and responsibilities performed by employees in the classification. Specifications are not intended to reflect all duties performed within the classification.

- Issues permits for all land use developments to ensure that applications are consistent with and in conformance to appropriate codes and standards.
- Reviews development proposals and applications, including complex and/or controversial projects, for compliance with appropriate regulations and policies; processes applications independently in a timely and complete manner, pursuant to policy direction from Senior Management.
- Reviews plans for conformance with the General Plan, City policies, and accepted planning practices, in accordance with City procedures.
- Provides general direction and oversight to subordinates who are processing minor applications, to ensure their compliance with applicable regulations, policies and procedures as directed.
- Reports are prepared and presentations are made to the Planning Commission, City Council and other groups as needed regarding complex planning projects and City programs, with staff recommendations and analyses presented clearly and concisely.
- Planning projects are coordinated with other departments and agencies as appropriate.
- Project applicants are informed of the development review process and City requirements in a timely and courteous manner.
- Changes in State and Federal laws and City ordinances and policies regarding planning,

CLASS SPECIFICATION

zoning, development and environmental requirements are applied in an expeditious and appropriate manner, and training on these statutes is provided to subordinate staff as needed.

- Special land use studies and environmental reviews are conducted to establish appropriate uses for land and to mitigate negative environmental impacts.
- Reports are prepared as assigned.
- Presentations on the results of various studies are made to management, committees, the Planning Commission, and/or City Council.
- Environmental documents, including initial studies, negative declarations and environmental impact reports are prepared and/or reviewed in accordance with applicable statutes to ensure compliance with environmental requirements.
- Special planning and environmental studies are prepared by staff, or by consultants under direction of staff, as directed.
- Special projects are performed as assigned.
- Staff reports, ordinances, and presentations are prepared and delivered in an effective manner.
- Application processing procedures are streamlined and expedited to the extent feasible.
- Community development and Improvement Agency services are provided to improve existing property and land uses.
- Consultation is provided to architects, builders, attorneys, contractors, engineers, and the general public regarding the City's development policies and standards.
- The Development Code, specific plans, and other development-related ordinances and policies are maintained and updated to reflect the General Plan, changes to State laws, and community values as directed by the City Council and Planning Commission.
- Professional consultation is provided to the City Council, Planning Commission and Improvement Agency to ensure that informed decisions are possible.
- Reports, presentations, etc. are prepared and delivered as directed.
- Planning procedures and staff training are continually updated in order to comply with State and Federal codes, to provide for continuous quality improvement.
- Training is provided to clerical, technical and professional staff to assist them in meeting department goals, as needed.
- Various related essential duties are performed as required.

QUALIFICATIONS

Any combination of experience and education that would likely provide the required knowledge and abilities is qualifying. A typical way to obtain the knowledge and abilities would be:

Education: A Bachelor' degree in Urban Planning or related field is required. A Master's degree is preferred.

Experience: Five years of professional level planning experience in a municipal setting is required. Project management and supervisory experience are preferred.

License/Certificate: Valid Class C California Driver's License required.
