CITY OF
BIG BEAR LAKE *California*

Welcome to the City of Big Bear Lake!

Southern California's Premier 4-Season Resort Community

Thank you for choosing to vacation in Big Bear Lake. We are pleased to welcome over 1.2 million visitors per year to our beautiful community. Whether you are here to enjoy the abundant natural features and amenities found in our surrounding forest or looking for some rest and relaxation in our quiet and tranquil residential neighborhoods, we trust your experience will be world-class.

While enjoying your time in our mountain community, we'd like to remind you of some important community expectations for guests staying in our residential neighborhoods. We also want to provide some tips that will make your stay more enjoyable and help you vacation like a local. The last thing we want is for your visit to be interrupted by one of our Compliance Officers. We think you and your family & friends can have an amazing vacation while still being respectful and considerate to the neighbors around you.

Expectations for guest behavior

Sound carries differently at higher elevations (thinner air) and in varying topography than it does on flat land at sea level. Sound in the mountains can carry for miles (listen for the coyotes at night). A normal private conversation between two people on a deck may be clearly heard from many houses away. Amplified music can be heard a mile or more away from the stereo speaker.

For these reasons, we have strict rules about amplified music and outdoor activities at night. Please help us maintain our quiet neighborhoods and enjoy the amazing stillness and tranquility that the forest provides.

"A private conversation between two people on a deck may be heard clearly from many houses away."

Be a Good Neighbor

A big part of Big Bear Lake's charm is the friendly and helpful residents. If you are fortunate enough to be staying at a home near a full-time resident and see them on their deck or in their yard, introduce yourself! Many of our residents enjoy meeting visitors and providing tips on activities and restaurants.

Visit Like a Local

If you extend your visit beyond the weekend, you will see the large amounts of litter and trash left behind by the weekend visitors. Here are some tips to help you and your family preserve our natural playground for the next generation.

1. **Leave no trace.** Simply put, whatever you take into the forest, bring back out - including broken sleds.
2. **Don't litter.** There are dumpsters located at all trailheads and picnic areas. If a bin is full, find another. Animals will tear bags open and spread trash throughout the forest.
3. **Pick up after your pet.** Please bag your pet's waste AND TAKE IT TO A DUMPSTER. Leaving your pet's waste in a bag on the side of a trail is littering.
4. **Keep the peace.** If you are going to listen to music while hiking or enjoying the lake, use headphones instead of a Bluetooth speaker.
