

NOTICE IS HEREBY GIVEN that the City of Big Bear Lake (“City”) invites and will receive sealed Bids up to but not later than **2:00 p.m. on August 7, 2019** at the office of the City Engineer, located at 39707 Big Bear Boulevard, Big Bear Lake, California 92315, for the furnishing to City of all labor, equipment, materials, tools, services, transportation, permits, utilities, and all other items necessary for the **Arroyo Drive and Prairie Lane Drainage Channel Repairs Project** (the “Project”). At said time, Bids will be publicly opened and read aloud at City Hall, 39707 Big Bear Boulevard, Big Bear Lake, California 92315. Bids received after said time shall be returned unopened. Bids shall be valid for a period of 90 calendar days after the Bid opening date.

**The Arroyo Drive and Prairie Lane drainage channel repair project consists of debris removal, removal of temporary sewer facility protection measures (including sandbags, timber supports, and pipe weirs), channel bedding preparation, and the construction of reinforced concrete structures to protect existing sewer trunk lines and a sewer manhole from future erosive forces of storm water flows. The project is in two separate locations; Prairie Lane project site consists of a localized repair around an exposed sanitary sewer mainline without significant upstream or downstream improvements to the channel. The Arroyo Drive channel conveys significantly higher storm water flows and therefore the entire length of this channel from Arroyo Drive to the lake discharge point is being reconstructed.**
